The Declaration of Independence was written in 1776, and adopted on July 4. This important document was written by a group of men, but Thomas Jefferson was the main author. The Declaration of Independence told the world that the colonies were now forming their own government, apart from the King and Great Britain. Most colonists were thrilled with this step towards independence, but they knew that they now needed to create their government, and win the war with Great Britain before they would be able to celebrate.
